

# Spyglass Marine Services, Inc.

## Chicago Region Delivery Fee Schedule

In addition to providing delivery/relocation services throughout the Great Lakes, we also move a great many vessels locally. These local movements can require 16 hour days and have logistical costs not associated with our traditional Great Lakes deliveries. As such, our single day fees for these movements are greater. The following costs are for an experienced two person crew. If you are able to provide all local transportation (to your vessel and return us to our home base) we can reduce these fees by \$100.00.

Between Chicago and Seneca:	\$425.00
Before or beyond Seneca:	Quote based on time and distance
Between Michigan City and Chicago:	\$150.00 (plus return transportation)
Between New Buffalo and Chicago:	\$200.00 (plus return transportation)
Between North Point and Chicago:	\$200.00 (plus return transportation)

At the completion of the delivery/relocation you will receive a trip log showing your engine hour start and end times, fuel consumption and a detailed on-going position log. Any mechanical or functionality issues we experienced are noted in the comments section of the trip log.

Serving the Great Lakes and Beyond....
